

## MARLBOROUGH COLLEGE

### Fire Safety Policy Statement

The College is committed to providing a safe environment for its staff, pupils and visitors. Part of this safety responsibility is in the provision and management of fire safety systems and procedures. All members of the College, their visitors and contractors, have a statutory responsibility in ensuring compliance with the law and complying with the safety provisions defined within this policy.

Fire is recognised as a major threat to the activities of the College. An outbreak of even a small fire creates risk to both life and property, damage to the environment and may compromise our normal business activities.

The College will ensure, so far as is reasonably practicable, that the risk associated with fire will be managed in compliance with the Fire Regulatory Reform (Fire Safety) Order 2005, and any other relevant legislation that may impact upon it.

The aim of this policy is, therefore, to provide a robust fire safety framework which will be implemented to secure the safety and wellbeing of everyone within the College community and to protect the College's assets.
